PROJECTS

- 🔗**Personal Portfolio -** My portfolio presents my projects, skills, and certifications with an interactive UI built using React, Tailwind CSS, and Framer Motion. It also includes SEO optimization to improve visibility.
- 🔗**Linkedin Clone -** This project is a frontend-only clone of LinkedIn, built using React and Tailwind CSS. It replicates the key user interface components and layout of LinkedIn, focusing on responsive design, clean component structure.
- 🔗 **World Hive -** A React.js and Tailwind-powered project showcasing country data dynamically fetched from the REST Countries API, with responsive UI and search functionality.
- 🔗 **EduMatrix -** Built a video-based learning platform using React and MongoDB with categorized YouTube and teacher-uploaded content.
- 🔗**VehicleAid -** Developed a MERN-based app.This is a demo app that locates nearby mechanics based on user location with real-time request and response flow.

KEY COMPETENCIES

Web Technologies
(React.js, Next.js, Tailwind CSS, Bootstrap, Node.js, Express.js, MongoDB)

Version Control & Collaboration
(Git, GitHub)

PROFESSIONAL EXPERIENCE

MERN Stack Developer Intern - Smartbridge   **May 2025 - Jul 2025**

- Working on full-stack web application development using MongoDB, Express.js, React.js, and Node.js.
- Building dynamic, responsive UIs and integrating APIs for real-time data handling.
- Collaborating in an Agile environment to develop scalable and modular applications.

Java Full Stack Intern - Brainovision   **May 2025 – Jul 2025**

- Creating web applications using Java, Spring Boot, JSP, and frontend frameworks.
- Implementing RESTful APIs and maintaining clean code practices with MVC structure.
- Engaged in debugging, database integration, and backend optimization.

Salesforce Developer Intern - Salesforce   **Nov 2023 - Jan 2024**

- Developing custom Salesforce applications using Apex, Visualforce, and Lightning Web Components.
- Working with Salesforce CRM, workflows, triggers, and data modeling.
- Participating in configuration, automation, and platform integration tasks.

EDUCATION

Bachelor of Technology : Information Technology   **Nov 2022 - Present**
MVGR College Of Engineering

Higher secondary education : MPC   **July 2020 - May 2022**
PPR Kaumudi Jr College
