## SUMMARY

Pursuing a Bachelor of Technology in Information Technology, with a strong foundation in web development and practical experience through internships and projects. Proficient in HTML, CSS, JavaScript, and frameworks like React, with the necessary technical skills for frontend development. Exceptional communication and problem-solving abilities, eager to contribute to a team and advance my career in this field.

## EXPERIENCE

**Salesforce** — Remote
Salesforce Developer Virtual Internship — 11/2023 - 01/2024
Internship focused on Salesforce development

- Acquired practical experience in Salesforce development via live, instructor-led training and hands-on projects
- Finished various modules and earned Super Badges on Trailhead, emphasizing Apex, LWC, process automation, and additional topics
- Improved development skills through VS Code, Salesforce CLI setup, and the implementation of real-world projects

## EDUCATION

**MVGR College of Engineering** — India
Bachelor Of Technology — 11/2022 - 07/2026

**PPR Kaumudi Jr Inter College** — India
Higher Secondary Certificate — 08/2020 - 04/2022

**ZPH School , Laveru** — india
Secondary School Certificate (SSC) — 08/2015 - 04/2020

## PROJECTS

**Vehicle Aid** — 01/2024 - 04/2025
Real-Time Mechanic Locator Web App

- Developed a location-based web application to connect vehicle users with nearby mechanics in real time
- Integrated Google Maps API to fetch user location and display nearby mechanics dynamically
- Created a mechanic dashboard to manage service requests and view accepted service history
- Managed user and mechanic data securely using MongoDB with structured backend APIs via Express

**Recyclable Waste Management** — 08/2023 - 12/2023
Website for Recyclable Waste Management Awareness & Action Platform

- Designed and developed a fully responsive website to promote awareness about recyclable waste and eco-friendly practices
- Built an intuitive login and signup system for user access and interaction
- Integrated Google QR Code Scanner to enable users to scan and access waste information conveniently
- Optimized UI/UX with a clean layout, organized components, and a minimalist footer design for a better user experience
